

EarthWay 9kg Nylon Bag Spreader

The EarthWay Nylon Bag Spreader's large-capacity bag is constructed of ballistic nylon and has a zipper top that makes filling with grass seed or fertilizer easy. Mildew, water and tear resistant for longevity. Features

- Corrosion-, tear- and weather-resistant 20-lb. capacity bag hopper with a zipper top for ease of use
- Nylon bag is rigid enough to stand upright during filling, but collapses for easy storage
- Designed with comfort in mind, with a hip-hugging contoured base, adjustable shoulder strap and long crank handle
- Exclusive rocking agitator for smooth, even material feeding to the distribution plate
- High-speed direct-drive gearbox adjusts spread from 8ft. to 12ft. by changing the crank rate
- Easy to use with complete directional control and spring shutoff

Northern Industrial Mini Harrow Rake

This Northern Industrial Mini Harrow Rake effectively levels dirt racing tracks, playing fields and more. This multi-purpose harrow's teeth are 3/8in. diameter x 3 1/2in. long and are made of high carbon steel. No maintenance needed. With extra heavy-duty tubular steel draw bar, it lasts for years. Pull behind a tractor, pickup or ATV.

- Extra heavy-duty tubular steel draw bar lasts for years
- Multi-purpose harrow can be pulled behind a tractor, Jeep or ATV
- Pulling with the strong high-carbon steel teeth forward and down, it cultivates, prepares seed beds and rakes up dead foliage
- Pull with the teeth facing back for less penetration
- Pull with the teeth facing up to use as a drag mat
- No maintenance needed
